Subject: Editorial Decision-Manuscript Rejection with Reviewer Reports

Dear [Author Name(s)],

Thank you for submitting your manuscript entitled “[**Manuscript Title**]” to [**Journal Name**]. After thorough evaluation by our editorial team and external peer reviewers, I regret to inform you that we are unable to proceed with publication of your manuscript at this time. Please find below a summary of the editorial decision-making process, the principal reasons leading to this decision, and the full reviewer comments intended to assist you in future submissions.

Editorial Decision-Making Process

Your manuscript underwent a rigorous review process. Our editorial team initially assessed the manuscript for suitability within the scope of our journal, followed by a detailed evaluation from independent reviewers with expertise in your research area. The decision was based on both the reviewers' recommendations and the journal's standards regarding originality, significance, and clarity.

Key Reasons for Rejection

- [Reason 1: e.g., The findings do not sufficiently advance the current knowledge in the field.]
- [Reason 2: e.g., Methodological issues or data limitations were identified by the reviewers.]
- [Reason 3: e.g., Significant concerns regarding the clarity and organization of the manuscript were raised.]

Summary of Reviewer Comments

The attached reports below offer detailed feedback, highlighting strengths as well as critical areas where improvements are needed. We encourage you to carefully review these comments to guide potential revisions and to enhance your manuscript for future submission, either to this journal or another publication.

Reviewer 1:

[Insert main comments or summary from Reviewer 1]

Reviewer 2:

[Insert main comments or summary from Reviewer 2]

Reviewer 3:

[Insert main comments or summary from Reviewer 3]

We appreciate the time and effort you invested in your submission. Although we are unable to accept your manuscript for publication at this time, we hope that the reviewer feedback will be helpful for revising your work and addressing the identified concerns.

Sincerely,
[Editorial Name]
