

Informal Letter Template: Making New Friends at School

Dear [Pen Pal's Name],

How are you? I hope you're doing well! I wanted to write and tell you all about my experience making new friends at school this year. ðŸ˜Š

At first, I was a little nervous because I didn't know many people in my new class. But on the first day, our teacher organized some ice-breaker games, which helped a lot! I started talking to a girl named Sara who sits next to me. She's super friendly and we found out we both love drawing. We've even started eating lunch together.

I've also joined the drama club. It's so much fun and I've met lots of people there. We're rehearsing for a play, and everyone is really supportive, even if you mess up your lines. I think joining clubs is one of the best ways to make new friends because you meet people who like the same things as you.

Sometimes it's scary to say "hi" to someone new, but I try to remember that everyone else probably feels the same way. I just smile, introduce myself, and ask questions about what they like to do. Most people are friendly once you start talking!

I feel really happy because now my group of friends is growing. We hang out after school and help each other with homework. Making new friends has made me feel much more comfortable and excited about going to school every day.

Have you made any new friends recently? I'd love to hear about your school and what you do with your friends!

Write back soon!

Your friend,

[Your Name]
