

Informal Letter Sample for College Application Introduction

Dear Admissions Committee,

My name is Jamie Lee, and I hope this letter finds you well. I am writing to introduce myself as an applicant to Oakridge College, and I wanted to take the opportunity to share a little about who I am and why your college feels like the perfect place for me.

Ever since I took my first computer apart in middle school, I've been fascinated by the magic of technology and how it shapes the world. This curiosity has driven me to join robotics clubs, attend coding bootcamps, and even teach my younger sister how to program her first game. I'm someone who learns best by doing, experimenting, and collaborating with others-qualities that I noticed are celebrated at Oakridge.

What really excites me about Oakridge is the genuine sense of community I felt when I visited campus. Everyone I spoke to, from professors to students, was so welcoming and passionate about what they do. I'm eager to contribute to this environment, share my interests, and learn from others with different backgrounds and dreams.

Thank you for taking the time to get to know me. I look forward to the possibility of joining your amazing college and bringing my energy, curiosity, and drive to the Oakridge family.

Best regards,
Jamie Lee
