Dear [Applicant Name],

We appreciate your interest in pursuing your studies at [University Name]. After a comprehensive review of your application and supporting documents, we regret to inform you that your admission for the [Program Name] program, scheduled to commence in [Start Term/Date], has been **rejected due to visa issues**.

Please note that this decision is not a reflection of your academic qualifications, which have indeed met our required standards. Unfortunately, the university is unable to proceed with your enrollment because you have not secured the necessary visa approval required to study in [Country]. As an approved institution, we are obligated to fully comply with national immigration policies and regulations, which necessitate that all international students obtain the correct visa documentation before enrollment can be finalized.

We understand this news may be disappointing and inconvenient. We strongly encourage you to carefully review your visa application process, ensure all documentation is accurate and up to date, and seek guidance as needed. Should you resolve these visa challenges in the future, you are welcome to reapply for our programs. Alternatively, you may wish to consider other pathways for continuing your international education.

If you require any further information or assistance regarding this decision or future applications, please feel free to contact our admissions team at [University Email/Contact Information].

We wish you success in your future academic and professional endeavors.

Sincerely,
