

Hey Sis!

Happy Birthday!!! 🎉🎂— I hope today is as fabulous and amazing as you are. I wish I could be there to give you a huge birthday hug (and, of course, steal a bite of your cake 🍰), but since we're miles apart, I'm sending all my love your way!

You know, every year on your birthday I spend a little time thinking about all the crazy, fun memories we've made growing up. Remember the time we stayed up late binge-watching our favorite show and ended up talking until sunrise? Or that year we tried baking a cake for Mom and completely destroyed the kitchen? 🙄, I miss those days, and honestly, I miss you!

Even though we don't see each other as often as we'd like, I always carry you in my thoughts and in my heart. You're not just my sister but my forever friend and partner in crime. Life isn't quite the same without my built-in best friend right next to me, but I'm so grateful for our late-night calls, endless memes, and all the silly moments we share from afar.

So, what's new with you? Any fun birthday plans? I hope you're getting spoiled and showered with all the love you deserve. Just promise me you'll save some cake for our next reunion because we have so much catching up (and celebrating) to do!

I can't wait for the next time we're together—for more laughs, more adventures, and probably more silly photos we'll swear never to show anyone else. 🥰 Until then, know that I'm cheering you on always, and I'm so proud of the amazing person you're becoming every year.

Wishing you all the happiness, love, and fun in the world today and always. Happy birthday, my beautiful sister! Miss you tons and love you more than words can say.

Big hugs and lots of love,
