Hey Sis!

Happy Birthday, you goofball! ðŸŽ‰ Honestly, I can't believe how old you're getting... which definitely means I'm getting old too. (But shhh, let's not talk about that!)

I hope you woke up today feeling extra special, because you are! Thank you for always being my built-in best friend, the keeper of all my embarrassing secrets, and my partner-in-crime for everything from midnight snacks to stupid inside jokes. Remember that one time we tried baking mom's âœœfamousâ€ cake and nearly set off the smoke alarm? I still laugh every time I think about it.

You have this amazing way of making the ordinary days unforgettable - and my life would be ridiculously boring without you. Whether we're binge-watching silly shows, talking for hours about everything and nothing, or just sharing those âœœsister looksâ€ that no one else understands, I'm so grateful for you.

So today, my wish for you is lots of laughter, awesome memories, and all your favorite things (extra birthday cake included, obviously). I hope the year ahead is the best one yet - filled with love, new adventures, and maybe a little less chaos from your favorite sibling (I try, okay?).

Can't wait to celebrate and make more crazy memories together. Love you more than all the birthday balloons in the world! ðŸ•

*Big hugs and the happiest birthday,*
