**Dear Grandma and Grandpa,**

I hope this letter finds you both in good health and happiness! I've been thinking about you a lot lately and wanted to share all about my wonderful winter vacation.

This winter break was so much fun! I spent a lot of time outside playing in the snow with my friends. We built a huge snowman and had an exciting snowball fight. It was really cold, but we warmed up with some delicious hot chocolate when we came inside.

We also celebrated the holidays together as a family. The house was full of laughter, lights, and tasty treats. I helped Mom decorate the tree and bake cookies. It made me miss the times we all celebrated together at your house.

I really enjoyed having time off from school. I watched my favorite movies, read some new books, and spent cozy evenings with everyone. I wish you could have been here with us to join in the fun!

I hope you're both staying warm and taking care of yourselves. I can't wait to visit you soon and tell you more stories about my vacation in person.

Sending all my love and hugs to you!  
Take care and write back soon.

**With love,**
