

Hey [Friend's Name],

I hope you're doing well! I've been thinking about the amazing time we had at the birthday party, and I can't help but smile every time I remember it. I wanted to ask if you happened to take any photos during the celebration. If you did, could you please share some with me?

I'd really love to relive those fun moments, and I'd also like to show a few snaps to my family who couldn't make it to the party. No rush at all-just whenever you get a chance!

Thanks so much in advance. Can't wait to see the pictures!

Take care,  
[Your Name]
