Subject: **Complaint Regarding Unhygienic Food Served in School Cafeteria**

Dear Sir/Madam,

I am writing this letter to bring to your attention the serious issue of **unhygienic food** being served in our school cafeteria. Over the past few weeks, I have noticed a significant decline in both the quality and cleanliness of the food provided to students. Many students, including myself, have found the meals to be stale, tasteless, and sometimes even undercooked.

Furthermore, the cafeteria's serving area and utensils often appear unclean, with spillage and leftover food not being properly removed between servings. These conditions pose a considerable health risk and have already resulted in several students complaining of stomachaches and other mild illnesses.

As a concerned student/parent/guardian, I urge you to look into this matter immediately and take necessary corrective measures to improve food hygiene and sanitation in the cafeteria. Providing healthy and clean meals is essential for the well-being and safety of all students and reflects the overall standards upheld by the school.

I hope you will treat this matter with urgency and implement stricter hygiene standards for the cafeteria staff. Your action will ensure a safe and healthy environment conducive to learning.

Thank you for your attention to this important issue.

Yours sincerely,
[Your Name]
