

# Immigration Recommendation Letter Template for Marriage-Based Green Card

Date: [Insert Date]

To Whom It May Concern,

I am writing this letter in support of the marriage between [Spouse 1 Full Name] and [Spouse 2 Full Name], who are applying for a marriage-based green card. My name is [Your Full Name], and I have had the pleasure of knowing [Spouse 1] and [Spouse 2] for [number of years] years as their [friend/family member/colleague/other relationship].

I first met [Spouse 1] and [Spouse 2] in [describe setting or situation of first meeting]. Over time, I have closely observed the development of their relationship and can confidently attest to its sincerity and authenticity. They have always demonstrated genuine affection, mutual respect, and commitment toward each other. For instance, [share a specific, meaningful experience you have witnessed or participated in with the couple, such as a holiday gathering, celebration, or a challenge they supported each other through].

In my experience, their marriage is one built on love, understanding, and a shared vision for the future. I have seen them support each other through life's ups and downs and share responsibilities as a true partnership. They engage in normal married life activities, including [examples: traveling together, attending family events, celebrating milestones], and their interactions always reflect a strong emotional bond.

I sincerely believe that their marriage is genuine and not entered into for immigration purposes. I highly recommend that their application for a marriage-based green card be approved, as it would allow them to continue building their life together in the United States.
