

Hey [Classmate's Name],

I hope you're doing well! Can you believe summer is just around the corner? I was thinking about how much fun we had last year, and I wanted to share some awesome summer camp options with you that I think you'd really enjoy.

Last summer, I went to **Camp Wildwood**, and it was such a blast! They have tons of outdoor activities like hiking, swimming, rock climbing, and even arts and crafts workshops. There were kids our age from all over the city, so I made a lot of new friends.

If you're into sports, you should look into **Sports Plus Camp**. My cousin went there, and he couldn't stop talking about the soccer tournaments and basketball clinics. They also have evening bonfires and talent shows, which sound super fun!

For something a bit different, there's also the **STEM Adventure Camp** â€“ we'd get to work on cool science experiments, robotics, and coding projects. They have short 2-week sessions if you don't want to be away for too long.

Most of these camps run from late June through August and you can choose week-long or full-summer options. Plus, a few of them are pretty close to home, so parents don't have to stress about travel.

Anyway, let me know if you want more details or if you want to join one together! It would be awesome to spend part of the summer hanging out and trying new things. I can send you the websites or brochures if you're interested.

Talk soon!
