Dear Scholarship Committee,

I am honored to be selected as a recipient of the **First-Generation Student Scholarship Award**. I would like to express my heartfelt gratitude for your generosity and for believing in the potential of first-generation students like myself.

This scholarship has a tremendous impact on my academic journey. As the first in my family to attend college, I have faced unique challenges, and your support affirms my commitment to overcome them. The financial assistance you have provided enables me to focus more intently on my studies and personal growth, without the constant worry of financial constraints.

The scholarship motivates me to pursue my educational and professional goals with even greater dedication. I am inspired to work hard, not just for myself but also to make my family proud and to honor the investment you have made in my future.

Thank you once again for your generosity and encouragement. I am truly grateful for this opportunity, and I am committed to making the most of it as I continue my college career.

Sincerely,  
[Your Name]
