

Hey [Friend's Name],

I just heard that you're feeling under the weather, and I wanted to drop you a quick note to let you know I'm thinking of you. I hope you're taking it easy and letting yourself rest-doctor's orders, right?

It's really tough not having you around for our usual hangouts, but your health comes first! Besides, we need you back to your awesome self so we can binge-watch our favorite show together or just grab a coffee and catch up. The gang and I all miss you and send lots of good vibes your way!

If there's anything you need-funny memes, a chat to pass the time, or even someone to smuggle you your favorite snacks-just say the word. You know I've got your back.

Hang in there and get plenty of rest. You'll be back on your feet in no time! Can't wait to see you soon and hear all the crazy hospital stories I'm sure you'll have.

Take care and get well soon!

Your friend,  
[Your Name]
