Dear [Hiring Manager's Name],

I am writing to express my interest in the Software Engineer Internship position at [Company Name] as advertised on [where you found the job posting]. As a current computer science student at [Your University], I am eager to apply my foundational programming skills, problem-solving mindset, and passion for technology in a professional environment. Although I do not have formal industry experience, my academic background and personal projects have equipped me with the core technical abilities and collaborative spirit essential for contributing to your team.

Through coursework in data structures, algorithms, and software development, I have developed a solid understanding of Python, Java, and Git. For example, in a recent team project, I worked on designing a simple web application using Python Flask, where I collaborated with classmates, implemented RESTful APIs, and learned the value of thorough testing and version control. Additionally, I regularly participate in programming competitions and hackathons, further fostering my adaptability and eagerness to learn new technologies.

I am particularly impressed by [Company Name]'s commitment to innovation and its collaborative culture. The role described resonates with my desire to grow as an engineer while contributing positively to challenging projects. I am confident that my motivation, technical knowledge, and ambition to learn quickly will enable me to add value to your team.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills, academic experiences, and enthusiasm for software development can contribute to [Company Name]'s continued success.

Sincerely,
[Your Name]
