

Dear Aunt [Name],

I hope this letter finds you well and enjoying the holiday season. I just wanted to write and thank you so much for the wonderful gift you sent me. It was such a lovely surprise to open it, and I could immediately tell that you had picked it out with me in mind!

Your present truly made my holiday extra special. I especially loved how thoughtful it was-every time I see it, I think of you and the good times we've shared. Thank you for always knowing exactly how to make me smile. I've already started using it and it brings me so much joy. Remember last year when we spent hours chatting and laughing? This gift reminded me of those great moments together.

I'm really lucky to have such a caring and generous aunt like you. I can't wait until the next time we can see each other in person! Sending you lots of love and best wishes for the New Year.

Take care and stay in touch!

With love,  
[Your Name]
