

Hey [Friend's Name],

I hope you're doing well and settling back into your routine after our amazing summer holiday! I was just going through my phone and realized I don't have many pictures from our trip, especially those fun moments on the beach and our barbecue night.

If you have some good photos from our summer adventure, would you mind sending them my way? I'd really love to have them to look back on and maybe even print a few. It was such a great time, and having those photos will help keep the memories alive!

Thanks so much in advance - I can't wait to see what memories you captured! Let's catch up soon and maybe even do a photo swap night.

Take care,
[Your Name]
