Subject: Funding Proposal Rejection – Areas for Development

Dear [Applicant Name],

Thank you for submitting your funding proposal titled "[**Proposal Title**]" to [Funding Organization]. We appreciate the effort and thought invested in your application, as well as your commitment to making a positive impact in your field.

After a thorough review, we regret to inform you that your proposal was not selected for funding in this application cycle. Our decision was based on a highly competitive selection process with many strong submissions. While your proposal shows promise, we have identified several areas for development that can help strengthen your future applications:

- **Clarity of Objectives:** The objectives presented lacked specificity and measurable outcomes. Clearly articulating precise goals and the intended impact will make your proposal more compelling and easier to evaluate.
- **Budget Justification:** The budget section did not sufficiently justify the requested funds in relation to the proposed activities. Providing a detailed and rationalized budget breakdown will enhance credibility and transparency.
- **Project Feasibility:** The current plan raised concerns regarding its practical implementation. Including a more detailed timeline, risk assessment, and explanation of resource availability will demonstrate the feasibility of your project.
- **Methodology and Evaluation:** There was a lack of detail regarding the methodology and evaluation metrics. Specifying the methods you will use and how you will measure success is crucial to understanding the project's effectiveness.
- **Alignment with Funding Priorities:** The proposal did not fully address how the project aligns with our funding priorities. We recommend reviewing the guidelines to better tailor your proposal to our objectives.

We encourage you to address these areas and consider resubmitting in the future. Our organization is committed to supporting innovative and impactful initiatives, and we look forward to reviewing your improved proposals in subsequent application cycles.

If you would like further feedback or have questions, please do not hesitate to contact us at [Contact Information].

Thank you once again for your interest in [Funding Organization], and we wish you every success with your important work.

Sincerely,
[Your Name]
