

Sample Thank You Note

Dear [Friend's Name],

I wanted to take a moment to sincerely thank you for all the help and support you gave me during our recent school assignment. Your encouragement and willingness to spend your time working with me truly made a difference. I really appreciate the effort you put in to explain concepts, tackle problems together, and motivate me to keep going when I was feeling stuck.

Thanks to your help, I was able to complete the project successfully and even learned a lot more than I expected. Your friendship and teamwork mean a lot to me, and I'm grateful to have you by my side-both as a classmate and as a friend.

Thanks again for everything!

Best,

[Your Name]
