Dear [Hiring Manager's Name],

I am writing to express my interest in the Data Analyst position at [Company Name] as advertised on [where you found the job posting]. I recently graduated with a Bachelor's degree in [Your Major] from [Your University], where I developed a strong foundation in statistical analysis, data visualization, and data-driven problem-solving. My academic training, internship experience, and proficiency in tools such as Excel, SQL, and Python make me an enthusiastic and qualified candidate for this role.

During my studies, I completed several projects involving data cleaning, statistical hypothesis testing, and creating interactive dashboards in Excel and Tableau. As an intern with [Previous Company or Internship Program], I collaborated with team members to analyze sales data and identify key trends that led to a 10% increase in monthly revenue. This experience honed my ability to translate raw data into actionable insights and strengthened my communication skills when presenting complex findings to both technical and non-technical audiences.

I am particularly excited about the opportunity to work at [Company Name] because of your commitment to innovation and data-driven decision-making. I am eager to apply my skills and continue learning in a collaborative environment where I can make a meaningful contribution to your team. My adaptability, strong analytical mindset, and dedication to continuous improvement make me confident I can quickly become a valuable asset to your organization.

Thank you for considering my application. I have attached my resume for your review, and I would welcome the opportunity to discuss how my skills and background align with your needs in greater detail. I look forward to hearing from you.

Sincerely,
[Your Name]
