

Dear **Mrs. Thompson**,

I hope this letter finds you well! I wanted to take a moment to share some exciting updates about my progress and achievements this year, and to thank you for being such a wonderful and supportive teacher.

Academically, I am thrilled to let you know that I received an A in science this term. Your engaging lessons and encouragement really helped me to understand the subject better and enjoy learning. I've also improved my writing skills a lot, especially after following your advice on organizing my essays!

Beyond the classroom, I recently joined the school debate team, and last month our team made it to the finals in the inter-school competition. It was challenging but also a lot of fun. The confidence I gained from presentations in your class made a big difference!

On a personal note, I have become better at managing my time, balancing my studies with swimming practice, and even helping out more at home. I feel much more organized and focused now, and I owe much of that growth to the skills and habits I developed in your class.

Thank you so much for believing in me and helping me discover what I am capable of. Your support and guidance have truly made my school year special.

With much gratitude,

**Sophia**
