

Dear [Applicant Name],

Thank you for submitting your paper entitled "[Paper Title]" to [Conference Name]. We appreciate the time and effort you invested in your research and your interest in contributing to our community.

After careful consideration by the program committee and reviewers, we regret to inform you that your submission was not selected for presentation at this year's conference. This was a difficult decision given the high quality and volume of submissions received.

We hope you find the following reviewer suggestions constructive as you continue to develop your work:

- **Reviewer 1:** [Reviewer 1 suggestion or comment, e.g., "Clarify your methodology, particularly in section 3, where the experimental design was not fully specified."]
- **Reviewer 2:** [Reviewer 2 suggestion or comment, e.g., "While your results are promising, the discussion lacked depth regarding related work and broader impact."]
- **Reviewer 3:** [Reviewer 3 suggestion or comment, e.g., "Consider including more recent citations to position your research within the current literature."]

We strongly encourage you to address the feedback above and consider submitting a revised version to future conferences or journals. Your dedication to advancing research in [subject area] is greatly appreciated, and we hope to see your work in future gatherings.

If you have any questions about the review process, please feel free to contact us at [Conference Contact Email].

Thank you again for your interest in [Conference Name] and for your contributions to the field.

Sincerely,

[Conference Chair Name]

[Conference Name] Program Committee
