

## Informal Letter Example to Best Friend Living in Another City

Hey Sam!

How are you doing? It feels like ages since we last saw each other-I really miss our long talks and movie marathons! I hope everything is going well with you in Riverdale. How's your new apartment coming along? Have you unpacked everything yet?

Things here have been pretty much the same. Classes are keeping me busy, and the weather's finally getting warmer. I've started going for walks in the park every evening, and it reminds me of when we used to hang out after school. Last weekend, I tried baking that chocolate cake recipe you sent me. It turned out better than expected (though I still think yours is way better!).

By the way, everyone here misses you a lot-especially Mia, who keeps asking when you'll visit next. We've been talking about planning a get-together sometime this summer. It's not the same without you, so you absolutely have to come!

Let me know all your news! Have you made any new friends in the city? How's work going? I can't wait to hear all about your latest adventures.

Take care of yourself and write back soon. Sending you loads of love and hugs!

Your best friend,  
**Ava**
