Dear [Recipient's Name],

I am writing to express my interest in the engineering internship position at [Company Name], as advertised on [where you found the listing]. As a [year] engineering student at [Your University], I am eager to apply my academic background and skills to real-world engineering challenges while contributing to your team's ongoing projects.

Throughout my academic career, I have gained a solid foundation in engineering principles through coursework such as [list relevant courses], and hands-on experience in lab settings and team projects. My proficiency in [mention relevant software, programming languages, or tools], coupled with strong problem-solving skills, allows me to effectively analyze and develop solutions to technical problems.

Last semester, I collaborated on a team project to design and construct a [describe project briefly], where I was responsible for [describe your role and the impact you made]. This experience honed my abilities in [mention skills e.g. teamwork, communication, technical writing], and reinforced my passion for pursuing a career in engineering.

I am particularly drawn to [Company Name] because of your innovative work in [mention specific area or project], and I am excited about the opportunity to contribute to your team while learning from industry leaders. I am confident that my academic achievements, technical skills, and genuine enthusiasm will allow me to be a valuable asset during my internship.

Thank you for considering my application. I would welcome the opportunity to further discuss how my education and background can contribute to the continued success of [Company Name]. I look forward to the possibility of working with you.

Sincerely,

[Your Name]
