

Informal Letter Sample to a Cousin Living Abroad

Dear Priya,

How are you? It feels like ages since we last spoke, and I've been thinking about you a lot lately. I hope life in Canada is treating you well! Mom and Dad often ask about you and send their love.

Things here at home are pretty much the same. School is keeping me busy, and I recently started learning the guitar-something I remember you always wanted to try! Our family gatherings aren't the same without your jokes and laughter, especially during Sunday dinners. Grandma made your favorite kheer last week and asked when you'll be visiting next. We really miss you.

How is university going? Made any new friends? I'd love to hear all about your classes and what your city is like these days. Don't forget to send some pictures! Also, let me know if there's anything you want from here - I'd be happy to send it.

I can't wait for the holidays; fingers crossed you'll be able to make it home this year. Until then, stay safe and keep smiling. Write back soon-I always look forward to your letters!

Lots of love,

Your cousin, Riya
