Dear Hiring Manager,

I am writing to express my interest in the Entry Level Software Engineer position at **Company Name** as advertised on your careers page. As a recent graduate with a Bachelor's degree in Computer Science from **University Name**, I am excited about the opportunity to contribute to your development team and leverage my technical skills, collaborative mindset, and passion for innovative software solutions.

Throughout my academic journey, I built a strong foundation in programming languages including Java, Python, and C++. My coursework and projects emphasized software engineering principles, data structures, algorithms, and problem-solving skills. In particular, I developed a web-based project management tool as a capstone project, collaborating with a team of four peers to design, implement, and deploy a full-stack application using React and Node.js. This experience not only enhanced my technical competence but also taught me the importance of communication, adaptability, and teamwork.

My internship at **Internship Company** provided hands-on experience in developing and testing software modules for a cloud-based SaaS platform. During this time, I worked with senior engineers to debug code, write unit tests, and contribute to agile team meetings- fostering a commitment to clean code, ongoing learning, and meeting project deadlines.

What excites me most about **Company Name** is your commitment to innovation and your collaborative culture that values continuous improvement and creativity. I am eager to bring my analytical thinking, strong work ethic, and enthusiasm for software engineering to your team. I am confident that my foundational skills and willingness to learn will allow me to make a positive impact on your projects and contribute to your company's success.

Thank you for considering my application. I have attached my resume for your review. I look forward to the opportunity to further discuss how I can contribute to the goals of **Company Name**. Please feel free to contact me at your convenience to schedule an interview.

Sincerely,
Your Name
