Subject: **Complaint Regarding Irregular Garbage Collection Schedule**

Dear Sir/Madam,

I am writing to formally bring to your attention the issue of irregular and inconsistent garbage collection in our neighborhood, [mention locality or ward name]. Over the past few weeks, garbage collection has not followed the announced schedule, causing significant inconvenience to the residents and affecting the overall cleanliness of our area.

The accumulation of uncollected garbage on the streets not only creates an unpleasant environment but also raises serious concerns regarding public health and sanitation. Inconsistent waste management contributes to foul odors, attracts stray animals, and increases the risk of disease.

We kindly request the municipality to address this issue as a matter of urgency and ensure that garbage is collected on a regular, timely, and reliable basis as per the official schedule. We also suggest periodic monitoring of waste collection services to avoid a recurrence of this problem.

We trust in your prompt action to restore and maintain an efficient waste management system, thus ensuring a healthy and clean environment for all residents.

Thank you for your attention and cooperation.

Yours sincerely,
